

TDH 815 HDMI Frontend

Art. Number 692830

HDMI module

The HDMI module converts digital audio and video signals from a set top box, a DVD player, a camera, laptop or other sources, into a MPEG data stream.

Technical Specifications

ORDER INFORMATION

EAN Number 5702666928302

CHARACTERISTICS

Audio embedded	AAC, 48 kHz/MPEG-2(L1), Stereo or AC3 pass through
Input video standards	720x480i30, 720x480p60,
Output Type	MPEG (Serial) transport stream (LVDS)
Output Video Codec	MPEG-2, MPEG-4
Output Video Codec Settings (CBR) Mbps	3...11 á 1 Mbps

OPERATIONAL

DC Current consumption mA	< 320 mA
DC Operating voltage VDC	12 ± 1 VDC
Humidity - storage %	10...90 %
Temperature - storage °C	-20 ..70 °C

CONNECTORS

Connector Type	HDMI female (Type A)
Input Type	HDMI (HDCP compliant)

MECHANICAL

Packaging Depth m	0.160 m
Packaging Height m	0.040 m

TRIAX

connecting the future

Technical Specifications

Total Weight kg	0.050 kg
Packaging Width m	0.070 m
Net Weight kg	0.050 kg
Tara Weight kg	0.000 kg
Packaging Volume m3	0.000 m3
